Subject: Stove testing matrix

Attachments: stove test matrix Nov-2013.xlsx [16 KB]; Stove Testing Information and Permission Form.docx [17 KB]

John,

As we discussed, attached is an Excel file with a list of stoves we are testing or planning to test. The green-shaded cells indicate the tests completed.

Of the three Anfani charcoal stoves you sent from Benin, we need to decide which one(s) to test.

After we decide, will you request your contacts in Benin and Vietnam complete the attached Stove Testing Information and Permission Form?

TERI requested tests for two stoves (we previously agreed to test a different TERI stove). We need to decide on this, too.

Thank you.

Jim
